

Current Events

You will be responsible for bringing in **3 different** Health related current events during this semester. Current event days will most commonly fall on every Monday throughout the semester. There may be circumstances that prevent it from always being a Monday. You will be assigned 3 different weeks/days to bring in a current event.

Criteria

1. Find a recent Health related article/current event.
2. Bring the article to class to be handed in.
3. Write a ½ page **TYPED** summary reflection about your article.

Paper should include:

1. Summary of your article
 2. Why you chose the article
 3. What did you find interesting about the article
 4. How does the article relate to Health
4. Give a 2-3 minute presentation of your article to the class

*Each current event will be worth 15 points, which will total 45 points towards your grade at the end of the semester. Grading will be, 10 points for the article and summary handed in and 5 points for your presentation. If you are absent on your current event day, you will present the day you return. If you do not present, you will automatically lose the 5 points for not presenting.
